PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	Deficiencies such as not using the scientific language correctly, fluency and comprehension of the text, expression disorders, problems in the flow of the text are many. Insufficient abstract. There is no explanation for the part of the results that will benefit in practice. Insufficient introduction part. Tables are not as desired. Insufficient references. The figures should be rearranged. In addition, the fact that the results obtained are not highlighted in the discussion and conclusion section requires a great review of the discussion, material and method.	**Reason** : This manuscript is claimed for **Short Research Article, that is why short introduction given.** **Reason** : This manuscript is claimed for **Short Research Article**, **that is why short introduction given.**
Minor REVISION comments		
Optional/General comments		

Comment [I1]: the entrance section is insufficient.

Comment [I2]: There are errors in the software of the references. Must be checked.

PART 2:
