

Editor's Comment:

After reading, inspecting all documents sent regarding the manuscript numbered 2019/AJRAF/51633,
- seeing the contents of the journal instructions of authors,
- seeing the journal procedure that is fully respected by authors and reviewers (that I would like to thank for the precious job done)
- seeing that authors of the manuscript have respected the reviewer's recommendation,
I would give with no constraints and no reserve, fully decision for the publication of the manuscript numbered 2019/AJRAF/51633 in the journal.
