Line 14; "after first oral"	after the first oral
Line 15; "patient was"	the patient was
Line 15; "with ileostomy"	with an ileostomy
Line 22; "paracetamol, echocardiogram"	paracetamol, an echocardiogram
Line 24; "patient was "	The patient was
Line 26; "body weight"	bodyweight
Line 27; "discharge patient"	discharge the patient
Page 3, Discussion	
Line 3; "late onset"	late-onset
Line 11; "showed that late"	showed that the late
Line 13; "Due to history"	Due to the history
Line 13; "surgery and presence"	surgery and the presence
Line 19; "a prolonged period of time"	a prolonged period
Line 19; "Therefore, the ventilator"	Therefore, ventilator
Line 23; "need change"	need a change
Line 28; "followed by few days"	followed by a few days
Results:	Figures and figure legends should be inserted into the manuscript at their respective positions as they are mentioned in the result section.
Conclusion:	
Line 1; "used as a rescue"	used as rescue
Line 2; "for closure"	for the closure
Decision: Accept for publication after effecting the above corrections.
