

Editor's Comment:

Thank you for submitting your manuscript entitled for publication in Asian Plant Research Journal. Your ms is interesting but you have not incorporated the suggestion of the reviewer properly. I too find that there are some spelling mistakes and no space between two words (Some words). For example: in abstract *Striga. asiatica*resistant there should not be a full stop after Striga. You should provide space between two words...

Please revise the whole ms carefully and submit a revised version.
