

### **Editor's Comment:**

Based on the revised manuscript and the reviewers' comments, I would recommend acceptance of the paper

But before the author has to correct these aspects

Delete the titles in the discussion section and connect all the text

These references are not correctly cited.

There are important mistakes in bibliographic references. You should review the entire document and cite all rereferences correctly. The authors used in the article must be cited in the references. Articles that are not cited in the work should be removed from the bibliography.
