|--------------------------|--|
| Journal Name:            | <a href="#">Asian Journal of Advanced Research and Reports</a>   |
| Manuscript Number:       | <b>Ms_AJARR_54077</b>  |
| Title of the Manuscript: | <b>Line X Tester Analysis for Protein content in Quality Protein Maize (QPM) (Zea mays L.) Genotypes</b> |
| Type of the Article      | <b>Original Research Article</b>   |

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

|                                     | <b>Reviewer's comment</b>  | <b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|--|--|
| <b>Compulsory</b> REVISION comments | <ul style="list-style-type: none"> <li>● Please cite original paper for each citation like very first sentence "Maize (<i>Zea mays</i> L. 2n=20) belongs to the grass family <i>Poaceae</i> and is the second leading crop after wheat Worldwide (Kempthorne, 2014)." This is not the correct reference for the statement. Please update this reference. Kempthorne, O., (2014). An introduction to genetic statistics. John Wiley, New York. 302pp.</li> <li>● Cross-check all the citations and make sure they are consistent with the stated text.</li> <li>● I am not happy with the description of discussion. Authors should improve this section.</li> <li>● Try to cite some recent literature to support your study in result and discussion.</li> <li>● The authors need to work on the manuscript more carefully and in detail to improve the quality and to make it relevant to the scientific community.</li> <li>● I strongly recommend authors to prepare entirely new, condense, sound and attractive submission and to resend it to the journal.</li> </ul> | All the corrections have been done as suggested by the reviewer  |
| <b>Minor</b> REVISION comments      | <ul style="list-style-type: none"> <li>● Please revise the English language from a native speaker and use one style throughout the manuscript (American or British English). There are many grammatical errors.</li> <li>● Please cross-check all tables and make sure that all are cited in the correct place and order.</li> <li>● Prepare references according to journal guidelines.</li> </ul>  |  |
| <b>Optional/General</b> comments    |  |  |
