

SDI Review Form 1.6

Journal Name:	Asian Journal of Pediatric Research
Manuscript Number:	Ms_AJPR_60296
Title of the Manuscript:	Reference bioelectrical impedance values for children of normal body mass index in southeastern Brazil
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>I appreciate the authors work. Things need to be modified</p> <ol style="list-style-type: none"> 1. Introduction para: hydrophobic and hydrophilic explanation 2. Why only right side is selected. Is there any supporting article says no difference in right and left measurements? 3. Duration of test. How long electrode need to be placed in childrens body surface? 	<p>Revised</p> <p>Done revision</p>
Minor REVISION comments	<p>In abstract: instrument name need to be mentioned. Keywords should have BMI, nonspecific terms can be removed In intro: add normal BMI values In methods: Grouping can be mentioned here instead of results, Electrote placement reference could be there in methodology instead of discussion.</p>	<p>Corrected</p> <p>Done</p>
Optional/General comments	<p>In abstract Few lines about bioelectric impedance can be given as introduction</p>	<p>Done</p>

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<p>(If yes, Kindly please write down the ethical issues here in details)</p>
