

SDI EDITORIAL COMMENTS FORM

EDITORIAL COMMENT'S on revised paper (if any)	Authors' response to editor's comments
<p>The authors did not all corrections suggested by the reviewers. It is important:</p> <ol style="list-style-type: none"> 1. To describe how did the authors choose survey areas? 2. To insert the values in figure 1 3. In table 2: Mention the meaning of stars (**) in p-value columns below the table 4. To configure tables 1 and 2 in according to the norms of the journal <p>For the reasons above, the manuscript only must be accepted if the corrections were done. It is mandatory the authors should do the corrections</p>	<ol style="list-style-type: none"> 1. Survey areas has been chosen by following some parameters as socio-economic conditions, knowledge about organic foods such as organic fruits, vegetables, egg, and meats, etc., perception about organic foods, the nutritional value of organic foods, consumption frequency and patterns of organic foods. 2. In figure 1, there is given all the values related to the figure. 3. The meaning of stars (**) in p-value columns is significant of the p- value. 4. According to the norms of the journal, tables 1 and 2 are given in the research paper.
