PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|---|--|
| Compulsory REVISION comments | I recommended publication, but also suggest some revisions to your manuscript. Overall it is necessary to improve the academic writing. Some sentences were difficult to understand. Suggestion to ask a native English speaker to review the paper. | On behalf of my coauthors, I would like to thank you for the opportunity to revise and resubmit our manuscript. We found the reviewers' comments to be helpful in revising the manuscript and have carefully considered and tried to responded to each suggestion. |
| Minor REVISION comments | | |
| Optional/General comments | It is interesting to relate what such parasites that you found infecting slum dwelling women can cause to them. I suggest you to improve your discussion, giving more information about the interaction parasite-host. Discussing some of your findings and relating them to the parasite life cycles, can improve significantly your paper. You have good results that can help the development of strategies to control parasite infections. | |

PART 2:
