EDITORIAL COMMENT'S on revised paper (if any)	Authors' response to editor's comments
<p>Introduction – line-4, diabetes, prediabetes and non diabetes should read as: diabetic; prediabetic, and non diabetic,</p> <p>The word Celsius –is wrongly spelt in the entire manuscript Figure below 2-8 0 Celsius should be 2-8°C Temperatures selected have no basis It would be better to select 2-8°C; 25°C, 30°C, 35°C, Can the authors justify the selection of their temperatures ? If these corrections can be incorporated – the manuscript is worth publishing.</p>	<p>This has been corrected</p> <p>Corrected Done</p> <p>Noted Thank you</p>
