PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The manuscript describes interesting results regarding the use of alternative cereals in the production of Dabuwa – stiff porridge. The research subject is quite interesting, the study is well planned and executed. Although the references used through the article are very old, these should be revised carefully and some new references should be introduced. The article is well executed, the abstract has to be rephrased and shortened, and also the English should be revised through the article.</p> <p>For further improvement, some major corrections are required, attached in the manuscript.</p>	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
