PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> 1. The paper should be revised and organised. After introduction it should be experimental work part and so on. 2. Many grammar mistakes which should be revised and corrected along the manuscript. 3. I only see a contour plot of the data obtained however there is no microstructure investigation or related mechanical properties testing and only focused on welding parameters which is not enough. 	
Minor REVISION comments
