

SDI Review Form 1.6

Journal Name:	Asian Journal of Biochemistry, Genetics and Molecular Biology
Manuscript Number:	Ms_AJBGMB_52209
Title of the Manuscript:	EFFECTS OF POWDERED STEM BARK OF Terminalia avicennioides MADE AS DIETARY FEED FED TO MICE INFECTED WITH Plasmodium berghei, ON LIVER FUNCTION
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The Terminalia avicennioides bark power was used against mice infected with the protozoan parasite: Plasmodium berghei (PB). The alkaloids i.e. Pancratium, acridone, etc have antiplasmodial activities against the protozoan parasite (PB). The author should highlight in the manuscript which alkaloids of the Terminalia barks are responsible for the antiplasmodial effects against the PB. The barks are dead parts of the trees. The age relationship of the tree barks on the antiplasmodial effects against the PB should mentioned in the manuscript.	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
