**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>In the Abstract; The title can be changed to give more clarity on the subject. I suggest the title should read: <b>GROWTH PERFORMANCE OF MUTIARA CATFISH (<i>Clarias gariepinus</i>) FED A COMBINATION OF COMMERCIAL FEED AND BLACK SOLDIER FLY MAGGOT (<i>Hermetia illucens</i>)</b></p> <p>Everywhere in the manuscript "conversion" should be changed to "conversion"</p> <p>The research was carried out "between" January – July 2019.....</p> <p>"Catfish size used was 5-7 cm..."</p> <p>The experiment has already been carried out, so the phrase "Catfish will be rearing for 30 days..." should be changed to "Catfish was reared for 30 days..."</p> <p>The superscripts in Table 1 and all the other tables should be explained with a note to depict what they stand for, under each table. For example, in Table 1, the superscripts can be explained as thus; "Note: Same superscripts on the same column are not significantly different"</p> <p>All typing errors should be corrected as highlighted</p> <p>All references cited in the text but not listed in list of references should be listed accordingly</p>	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

**Comment [M1]:** Catfish was reared for 30 days.....
