**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy> )

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	Title of the subject does not match with the observations given Data collection and predictions lack proper explanations Language of the paper should follow a single tense. Some literature speaks about past but is delivered in the present tense. Review has plenty of missing text and grammatical mistake which needs to be checked. References don't follow similar pattern as per journal guidelines	
<b>Minor</b> REVISION comments	Graph representation could be made more original	
<b>Optional/General</b> comments	Proper link in the text is missing	

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	

**Reviewer Details:**
