SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The article seems good. However, some points are required to be moderated. Those points are suggested below:</p> <ul style="list-style-type: none"> • The title of the manuscript is needed to be moderated, as its missing method & outcome related issue • Please try to improve the quality of the writing, as it's an international article • Mention the type of the manuscript • The grammatical issues related to the manuscript must be corrected • The abstract is missing a background plot • The abstract is too small. So, re-write • The abstract is lacking significance section • The introduction section must be structured concisely • The introduction must be revolved around the background, method, and outcome. However, here the latter two are quite indicated not the initial one • All of the points must be rationalized • The Result & Discussion sections must be precise • The article seems to miss some recent times articles from the reference section • Also, the link of the references must be added which is an ideal manner of article development of international stature. • The type of the manuscript should be mentioned 	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
