

SDI Review Form 1.6

Journal Name:	Asian Journal of Chemical Sciences
Manuscript Number:	Ms_AJOCS_62513
Title of the Manuscript:	Quality Analysis for Different Samples of Fats
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>I find some merit in the paper and the article is an interesting. However, it is necessary to make some changes to be published.</p> <ul style="list-style-type: none"> - Spell error free MS before submitting to Journal. - Materials and methods are too long. Only refer to method. It is not necessary to refer to the preparation of solutions. For example, you can write: The estimation of peroxide number in the fat samples was determined according to the method of Champaign [1]. Then refer to equation. - In results section: you should be selected to illustrate your recorded data either in tables or in figures, not both. - Discussion: It is not appropriate with your results (where is the discussion; compare your results with researchers' results in this field). -Write your recommendation in conclusion. 	
Minor REVISION comments		
Optional/General comments	<p>Statistical results</p>
