

**SDI Review Form 1.6**

Journal Name:	<a href="#">Asian Journal of Pediatric Research</a>
Manuscript Number:	Ms_AJPR_60296
Title of the Manuscript:	Reference bioelectrical impedance values for children of normal body mass index in southeastern Brazil
Type of the Article	

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy> )

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p><b>I appreciate the authors work.</b>  <b>Things need to be modified</b></p> <ol style="list-style-type: none"> <li>1. Introduction para: hydrophobic and hydrophilic explanation</li> <li>2. Why only right side is selected. Is there any supporting article says no difference in right and left measurements?</li> <li>3. Duration of test. How long electrode need to be placed in childrens body surface?</li> </ol>	
<b>Minor</b> REVISION comments	<p>In abstract: instrument name need to be mentioned. Keywords should have BMI, nonspecific terms can be removed  In intro: add normal BMI values  In methods: Grouping can be mentioned here instead of results, Electrode placement reference could be there in methodology instead of discussion.</p>	
<b>Optional/General</b> comments	In abstract Few lines about bioelectric impedance can be given as introduction	

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
