PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>I congratulate the authors on management of a such a sick baby. These are my suggestions</p> <p>Introduction – late preterm is wrongly used for a baby born at 32 weeker.It may be changed?</p> <p>Was PDA closure documented on day 4 ? It is not mentioned.</p> <p>Was PDA hemodynamically significant ? What parameters were monitored?</p> <p>What was the course of the infant between 14- 33rd day.</p> <p>Why was paracetamol considered so late?(Any justification maybe provided)</p> <p>Discussion needs to involve various available options for late PDA closure</p> <p>Figures need description .</p> <p>The ECG needs to be as separate figure and needs to be described in the text</p>	
Minor REVISION comments		
Optional/General comments	Spelling & grammar need revision
