PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	1) The abstract should be added the brief conclusion. 2) The author should use "COVID-19" typing style consistently. 3) The author should discuss more on the different findings, for example, " Our study reveals that the majority of providers in general hospitals in the city of Kisangani showed a negative attitude towards COVID-19 (77%), which disagrees with Giao's study on COVID-19 [7]". What is the possible explanation?" 4) The conclusion should state the results' impact to future implementation program in increasing the healthcare's' KAP on COVID-19.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
