PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The topic and the script is good but the article needs English editing because they are many typographical and grammatical inconsistencies.	
Minor REVISION comments	<ol style="list-style-type: none"> 1. There is a repeated statement in the second and third lines of the abstract that should also be deleted. 2. All abbreviations should be stated in full when it is first introduced. 3. Some references are outdated and recent references should be cited to reflect current trends. 4. In-text references should be cited well. e.g. (Pulle et al) has no year of publication (Khan S, Priti at el, 2015) should have only the surname and et al not at el 5. The bibliography should be written according to a single reference style. 	
Optional/General comments		

Commented [A1]: In-text references should be cited properly
