

SDI Review Form 1.6

Journal Name:	Annual Research & Review in Biology
Manuscript Number:	Ms_ARRB_59933
Title of the Manuscript:	SOIL TRANSMITTED HELMINTH INFECTIONS AMONG SLUM DWELLING WOMEN IN DHAKA, BANGLADESH.
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	I recommended publication, but also suggest some revisions to your manuscript. Overall it is necessary to improve the academic writing. Some sentences were difficult to understand. Suggestion to ask a native English speaker to review the paper.	
Minor REVISION comments		
Optional/General comments	It is interesting to relate what such parasites that you found infecting slum dwelling women can cause to them. I suggest you to improve your discussion, giving more information about the interaction parasite-host. Discussing some of your findings and relating them to the parasite life cycles, can improve significantly your paper. You have good results that can help the development of strategies to control parasite infections.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
