

SDI Review Form 1.6

Journal Name:	Annual Research & Review in Biology
Manuscript Number:	Ms_ARRB_62548
Title of the Manuscript:	Shelled-molluscs fauna at Abrolhos Bank (Brazil): assessment of both total species richness and the completed distribution of species frequencies by numerical extrapolation of a partial survey
Type of the Article	Original Research article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	MS has been written with all the relevant and latest information on shelled-molluscs fauna distribution using numerical extrapolation of a partial survey methods and tried to overcome the revised estimates of earlier survey. I have gone through the text, figures and reference, and I found that the work is highly commendable and I feel that MS in the present form is worth to accept for its publication.	
Minor REVISION comments	Authors have to suggest the policy guidelines and practical application of their study.	
Optional/General comments	English language is very well. Quality of figures and numerical used will be very much useful for researcher and policy makers.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
