PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>1. The authors have used data from 1951-1992, but they have taken up the study in 2020. Major climate change happens in recent decades, They must analyze the data from 2000-2018 at least.</p> <p>2. Sentence 2 of Abstract is incomplete.</p> <p>3. Restrict literature review till methodology. Results and Discussion should reflect only your results.</p> <p>4. The authors have correlated the rainfall pattern in Nigeria with Central Indian Precipitation Index. I wonder whether such type of Index exists. I understand it's a particular rainfall pattern. Authors should substantiate their study on CIP by citing direct references on CIP and work done on CIP.</p> <p>5. Format the figure and table numbers.</p> <p>6. The objective of the study is not clear. "In particular, the present study aims to improve our present understanding of the August and how its strength may be affected by other climate systems." ??? What does it signify ?</p>	
Minor REVISION comments	<p>1. So many spelling mistakes. Please correct</p> <p>2. Grammatical mistakes. Sentences can be more technically structured.</p> <p>3. Please ensure that all references are formatted as per guidelines.</p>	
Optional/General comments	Good work done by authors, however the proper structuring of manuscript should be taken care of.	

SDI Review Form 1.6

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
