PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> 1. Statistical analysis – description is totally wrong. The author mentioned as if he is doing inferential statistics, but the results are all descriptive statistics. Please rewrite the whole section according to the way it was done. 2. Correct the spelling for the reference in description - Al-Hga – In refence it was mentioned as Al-Hga 3. Author used 3 types of honey but he hasn't detailed the specific constituents of each honey and the differences between them , and the reason to pick those types of honey. 	
Minor REVISION comments	<p>Spelling Errors –</p> <ol style="list-style-type: none"> 1. Abstract – last statement – correct Pharmacology spelling 2. Methods – Correct Nitrofurantoin spelling 3. Few Bacterial names need spelling correction at multiple places – example – klebsiella is correct and not klebsiella; Escherichia and not <i>Eschericha</i> 4. Please check spellings in details – multiple spell errors 	
Optional/General comments
