PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The abstract is the summary overview of the entire work done. I therefore, advise the author to re-capture it well. For example, the parameters taken were not captured. This is will encourage the reader. The entire article has some errors that need attention. The author will do himself good by correcting them. Also, the author quoted another author but was not correctly done, therefore he should re-cast it.	
Minor REVISION comments	The author was not mindful of punctuations in his write up e.g comma (,). This can discredit his work.	
Optional/General comments	On a general note the author should be consistent in the use of words. The article worth publishing after doing the needful.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
