PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|---|---|
| Compulsory REVISION comments | | |
| Minor REVISION comments | <ol style="list-style-type: none"> 1) It will be better to change the title to (Upper Incisors) instead of (Upper Anterior Teeth) or add the upper canine into the teeth evaluation to be complete upper anterior teeth. 2) What about the peg shaped lateral, did you exclude it in your research or not? Clarify this point. 3) Write few lines to describe the Image J program you used in your paper. 4) Change the word of Children all over the manuscript into Adolescent. | |
| Optional/General comments | <ol style="list-style-type: none"> 1) Did you make a pilot study or intra or inter observer calibration to check the accuracy of the observer? if you did them, you can write some points. 2) Can you clarify by few lines why you describe your data as retrospective? 3) What is the criteria of dim light you used? Usually the radiographic examinations done on X-ray viewer. | |

PART 2:

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|---|---|
| Are there ethical issues in this manuscript? | (If yes, Kindly please write down the ethical issues here in details) | |
