PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The paper contains an interesting analysis regarding a pertinent scientific issue However, I believe that the information about the only case should be added further data: a) Was he/she submitted to full vaccination strategy against NmC? b) If he/she did, It should be referred as vaccine failure	
Minor REVISION comments	The study purpose is quite clear and presents a straightforward comprehension. Data seem to be accurate presented in the text. Figures and Tables contributes substantially to understanding.	
Optional/General comments	Due to text accuracy, there is no need to comments	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
