Compulsory REVISION comments	<ol style="list-style-type: none"> 1. It is normally advisable to plot your data graphically such that the trend can be easily seen. This should be done in your discussion zone. 2. Do give statements that. Correlates your findings into a meaningful conclusions in order to commensurate well with your title and justifying your conclusion. 3. Similar work had been published with the Nigerian Journal of clinical practise 2016 –Epidemiological survey of hypertension in cities of Anambra states in which Awka city is among them..Despite the parameters of the study is somehow different from yours, such study should have been a part of your introduction or discussion.. and needs to be cited anyway..correlates well with your work and adds meaningful justifications
