PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The manuscript is good in the field study research. Furthermore, The results of the study on the impact of poultry manure rates on the growth and yield characteristics of okra in Rivers State revealed that rate of poultry manure application has great impact on the growth and yield of okra. The study further showed that the application of 10tonha-1 of poultry manure has more positive impact on the growth and yield of okra in Rivers State and so the farmers of okra in the study area are advised to apply 10-tons ha-1 of poultry manure for optional productivity.	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
