

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Journal of Complementary and Alternative Medical Research
Manuscript Number:	Ms_JOCAMR_58386
Title of the Manuscript:	PHYTOCHEMICAL SCREENING, ANTIOXIDANT ACTIVITY AND INHIBITORY POTENTIAL OF FIVE PLANTS FOR POSSIBLE ANTILEISHMANIAL ACTIVITY
Type of Article:	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>The author has done the recommended corrections effectively. However if the author insist that he should include Fig 1, please the title of the figure should be change to "Structure of phytochemicals or compounds commonly present in medicinal plants"</p> <p>NOT Structure of compounds isolated from the bark of the plants</p> <p>Because he has not done the quantitative identifications nor isolations of phytochemicals in the plant studied.</p>
