**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<ol style="list-style-type: none"> <li>1. According to this study, it has been mentioned that all the brands of the formulations are similar to each other. The data has been presented. A picture of these tablets shown at one place may authenticate the study.</li> <li>2. According to your study, please be specific in introduction to cite the correct information, both research as well as product development aspect. For example, it has been mentioned in introduction that Diclofenac potassium, Diclofenac sodium are used via oral route. Diclofenac diethylamine for topical route. However, there are several research articles in the literature showing transdermal administration for Diclofenac sodium as well. These things needs to be corrected in the introduction in the revision.</li> </ol>	
<b>Minor</b> REVISION comments	English and Grammar needs to be checked twice.	
<b>Optional/General</b> comments
