Type of the Article	Review Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Better to write abstract without sub-title. Make abstract less than 250 words. Better to remove last part of the title 'A Review' Better to secondary source of information has been employed in methodology.	
Minor REVISION comments	Better to mention the source of figure and charts used in the research. Conclusion is too short. Better to prolong it so that whole text of research can be represented.	
Optional/General comments	Put keywords in italic . Arrange numbering with design as there in Prevention and Control of COVID-19 in Nigeria	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
