

SDI Review Form 1.6

Journal Name:	South Asian Journal of Research in Microbiology
Manuscript Number:	Ms_SAJRM_65412
Title of the Manuscript:	Screening of methanol extract for antimicrobial activity of Hyphaene thebaica L. fruit pulp from Sudanese folklore
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Needs minor language revision</p> <p>The extraction method leaves the extract in an incubator for drying which is risky because it contains 20% water which may hydrolyse the chemical components and besides it may cause the extract to rot or grow microorganisms</p> <p>The solvent used in the agar wells should be stated and should not have antimicrobial effect by itself</p>	
Minor REVISION comments		
Optional/General comments	I think more work should be done after this experiment to give a wider image in vivo	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
