

Editor's Comment:

Please, ask the authors to always send the latest version highlighting ALL the modified sentences.

There are many comments from reviewers that have not been followed:

"This manuscript lacks english grammar, punctuation and spelling. Recheck all sentences in the manuscript". (It was not checked in all manuscript)

"Some of the references were not written properly. For example, reference no. 2 needs modification". (It was not correctly modified)

"Summary: 1.1 in the methods section there are acronyms without a description of their meaning. It is recommended that when using an acronym for the first time, it is enclosed in parentheses after the complete description of the term it represents. (It was not modified)

"Results data need to be better discussed." (It was not modified)
