

Editor's Comment:

Authors must correct the wording, there are still writing errors, by example in Abstract: "Effect of Nitrogen and Foliar application of naphthalene acetic acid" must be "effect of nitrogen and foliar application of naphthaleneacetic acid, Zea Mays must be Zea mays

See "Rev_IJPSS_75589_Phi_A" word file

2) "Naphthalene acetic acid" must be "naphthaleneacetic acid" throughout text

Accepted after reviewing and making corrections
