

Editor's Comment:

The decision is accept after considering the corrections mentioned in the attached file of comments.

1- In 2.4 Antifungal Susceptibility : Match the reference Pakshir et al.[22] with that in the final list, it must be Pakshir K

2- In references list:

Number 3; revise this reference as I see the part marked with green is in another reference (No. 15) and must be omitted here

3. Sen, S.S. and Rasul, E.S., 2006. Dermatophytosis in Assam. Indian journal of medical microbiology, 24(1):77.

susceptibility testing of dermatophytes: establishing a medium for inducing conidial growth and evaluation of susceptibility of clinical isolates. Journal of clinical microbiology, 38(1): 341-344.

Also, number 5; is not complete

5. Martin, & Kobayashi, 1999
