Title: Teaching MBA and EMBA Students in Asia: Using Case Method and Online Education Software for Strategic Management

This concerns manuscript number : 2021/AJESS/65742

It is a very concise article with many far reaching applications. The reviewers were generally very positive.

Since the article has no major shortcomings in methodology and overall discussion, **I support publication of the article**. However we need to be aware that there are many grammatical errors even in the abstract, especially with regard to subject/verb agreement.
