EDITORIAL COMMENT'S on revised paper (if any)	Authors' response to editor's comments
<p>1. The manuscript has conceptual errors and it is necessary to analyze and discuss the role of the genetic variables associated with fluorosis, so I do NOT recommend the publication of the article originally named: Dental Fluorosis: Dilemma of Gene Susceptibility.</p>	<p>There is a dilemma in defining the conceptual errors, as the article is citing examples of the genetic association with fluorosis and how the gene is acting in such a way to induce fluorosis.</p> <p>For the title, the authors decided to keep and use the original title: "Dental Fluorosis: Dilemma of Genetic Susceptibility".</p>
