

SDI EDITORIAL COMMENTS FORM

EDITORIAL COMMENT'S on revised paper (if any)	Authors' response to editor's comments
<p>Although, before publication, in order to assure the high quality of the papers, I recommend to the authors to make some changes.</p> <p>1. First, regarding the organization of the paper, I recommend to modify and to reorganize in sections such as:</p> <ul style="list-style-type: none">1. Introduction (instead of Background);2. Literature review (which can include sections 2.0-2.4 and 3.0-3.1+4.0);3. Methodology<ul style="list-style-type: none">3.1. Conceptual framework3.2. Research hypotheses3.3. Method3.4. Data3.5. Results and interpretation4. Conclusions <p>2. Secondly, the author(s) seems to be non-native English speakers. I recommend to use professional English editing which would contribute to get a better paper.</p>	<p>1. All comments are responded according to editor's suggestions</p> <p>2. The paper has been proof read for the second time</p>
