EDITORIAL COMMENT'S on revised paper (if any)	Authors' response to editor's comments
<p>1. I think that statistics should be added to the graph such as standard error bar stated by Bouthani. It can be published after revisions</p>	<p>The experimental design used for the study is clearly stated in the paper and same was used to achieve the intended objective of the study. We humbly request your kind approval for the publication of our paper.</p>
