

SDI Review Form 1.6

Journal Name:	Archives of Current Research International
Manuscript Number:	Ms_ACRI_51805
Title of the Manuscript:	THEORETICAL AND EXPERIMENTAL STUDY OF THE DISTRIBUTION OF STRESS WAVES IN LINEAR VISCOELASTIC MEDIA
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment Комментарий рецензента	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p><i>1. The mathematical formulation is posed in a flat two-dimensional formulation, but the one-dimensional problem is solved.</i></p> <p><i>2. The application of the photoelasticity method for solving the dynamic problem of viscoelasticity is almost impossible, it is necessary to justify</i></p> <p><i>3. To solve the problem, which heredity core was chosen. This article is not carried out.</i></p> <p><i>4. How to calculate the Bessel functions of the</i></p>	
Minor REVISION comments		
Optional/General comments	The article must be finalized comprehensively, after which it will be published	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
