Type of the Article	Original Research Article

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	There is need to adjust the title to be in line with the body of the article. The abstract needs to be restructured. The introduction is good. There is need to separate study area from methodology. The author must be consistent in the in-text referencing. There is confusion in the sampling technique/size for the study. In the area of discussion, current study must be properly linked to previous studies to make meaning. There is need to incorporate the results of the FGDs and interviews in the discussion process. It will enrich the work. Tables 1-5 can be merged if possible into a single table. It will make the work catchy and save space. Details of the inferential statistics should be provided even if it is in the appendix. The conclusion should be in line with the research questions and must be based on the findings. The references are current and properly presented.	
<b>Minor</b> REVISION comments	This can be seen in the reviewed manuscript.	
<b>Optional/General</b> comments	The article is good.	

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
