PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> 1. Abstract must be written more clearly with a background information and brief description of methodology and final suggestions if any. 2. Keywords must be at least 4-5. The author has only mentioned 2 keywords. 3. The citations should be entirely within the bracket and not just the year. Eg. (Rajput DS et al, 2014) and not Rajput DS et al (2014). 4. Methodology should have a clear description about the study area. Why was it taken and also the year of data collection should be mentioned. 	
Minor REVISION comments	<ol style="list-style-type: none"> 1. Conclusion must include some inferences and suggestions from the author's end. The conclusion seems to be very short and abrupt. 2. Also, check the overall grammar and sentence structuring. 	
Optional/General comments	If possible, try and give at least 4-5 pertinent references with in-text citations. That makes the study look more reliable and authentic. Otherwise, the overall analysis is a good one.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
