	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>the manuscript review will be given according to the major titles to facilitate the authors the corrections:</p> <p style="text-align: center;"><u>introduction</u></p> <p>-In the introduction you introduced the problem at the national level since you talked about the impact of a single process of management of solid waste which is combustion while it exist several management practices such composting..., so we have to delete this paragraph and go directly to the types of waste. -remove the subtitles in bold in the introduction -there is no bibliographic references you advance findings without references so it is necessary to add references the passages of the following texts: Rice generates straw and fuel. Cotton stalks used as fuel []? Horticulture and vegetables, compost and dung cake. []? Agri waste environment quality. []? The agri waste availability in soil. []?</p> <p>these passages are examples or bibliographic references are required.</p> <p>you must also mention the work that has been done on the study of agricultural management practices, for example the ones you mentioned at the end</p> <p style="text-align: center;"><u>Methodology</u></p> <p>Present the state of Telangana in two lines. Add a representative map of the samples and the position of the 8 villages.</p> <p>why exactly 15 people from each village should be added references that have done identical studies with identical numbers to justify the number of populations chosen</p> <p>the conditions of the survey must be given, for example, the date, the duration, the interval...etc. by giving, if possible, the summary of the calendar. you have to enter the tables in the text You opted for 3score but you did not detail each score well.</p> <p>Example: 1 low level of adoption of agricultural practices: define total absence of practices or what</p> <p>Replace List 1 by Table 1</p> <p style="text-align: center;">RESULTS AND DISCUSSION</p>	

SDI Review Form 1.6

	<p>The reference Mali 2015 to rewrite is Bhatia , 2015 also ISTM? change with Anuse 2016</p> <p>In Table 2-2</p> <p>You opted for 3score but you did not detail each score well</p> <p>Example: 1 low level of adoption of agricultural practices: define total absence of practices or what</p> <p>In Table 2-2 the n=80 however the total frequency is explained?</p> <p>In Table 2-3 n=60 however total frequency is 72 explain?</p> <p>In table 2-5 n=50 total frequency is 29?</p> <p>In Table 2-6 n=40 total frequency 32?</p> <p>In table 2-7 n=40 however total frequency 49?</p> <p>For the study in general you have chosen for each waste a type of practice, however it is necessary to homogenies or do the same practices for all waste so you can grant to each waste the practice.</p>
