PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ul style="list-style-type: none">-This article is a review paper but in the paper it is not mention anywhere which can helpful to reader to understand what is it.-Second thing, in this paper the sources of information (from where and how they collect mentioned articles) is a lacking part.-Only the basis of Review literature section this paper has concludes the conclusion. If the paper modify the review literature section in an appropriate way, then it will be fine as a review.-As reviewer I feel some things mentioned in this paper for employers to suggest them to reduced their work stress and take help from behavioural scientist and professionals.	
Minor REVISION comments		
Optional/General comments
