General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>1) Author must read again the manuscript before re-submitted. There are some minor errors.</p> <p>2) materials and methods section is not very clear concerning the samples analysis.</p> <p>3) why the authors did not show the tables and figures while presenting the results in the same page? It is hard to follow when you look for them to understand what they try to expose.</p> <p>4) the conclusion is not one , it 's look like a discussion. For me there is not a conclusion yet. Author must re-write this section again.</p>	
Minor REVISION comments		
Optional/General comments	Resubmit the article after re-reading the entire text to correct the English mistakes. Return the figures and tables immediately after the explanations. And above all rewrite a conclusion.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
