PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Add a public Health Component. Since it is a case study, it would enrich the case by giving the focal context and extent of use of Ghee in umbilical "care" in the specific community	
Minor REVISION comments	None	
Optional/General comments	"Mother was advised not to apply anything to the umbilical cord. Still, there was a history of ghee's application to the umbilical cord immediately after the baby reached home by the grandmother". What public health education activities are conducted in this region?	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
