**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>1. Your introduction did not give a vivid background information of your study. Your introduction should be able to bring out the main idea or problem prompting your research. What you have given here looks more of results which should not form part of the introduction. Please provide a factual background to this study with a well defined problem as well as a brief literature.</p> <p>2. Citations in the text should be indicated by the reference number in bracket like this (3). Every citation in the text must also be present in the reference list and vice versa.</p> <p>3. Please discuss the results in each individual table before moving to the next one. The result should provide a detailed interpretation of findings bringing out the significance and implication of the findings. Citations should also be given in support of the findings.</p>	
<b>Minor</b> REVISION comments	Use uppercase for major headings ie, INTRODUCTION, MATERIALS AND METHODS, RESULTS AND DISCUSSION etc.	
<b>Optional/General</b> comments	Please effect all the corrections.
