PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|---|---|
| Compulsory REVISION comments | <ol style="list-style-type: none"> 1. Language is very hard to understand, should be checked with a native speaker 2. Consistency is missing throughout the manuscript in mentioning WWF 3. Abstract is not reflecting the research, should be corrected with effective key words 4. Introduction is not addressing the title of the research, needs to be corrected and strengthened 5. Material and Methods part should be rewritten 6. In Results and Discussion <ol style="list-style-type: none"> a. Scientific names of the fishes should be given b. A briefing of figures (not fish species) can be given c. Figures should be mentioned in right places (Fig.4 should be mentioned under 3.3 Maximum Post Cards) d. Fish species description needs more scientific approach, should be corrected 7. Inappropriate citations and references should be removed (for example ref.1 in introduction is inappropriate, ref. 17 is not cited in text but listed in back reference) and a specific citation format should be followed | |
| Minor REVISION comments | <ol style="list-style-type: none"> 1. Grammatical and spelling errors should be corrected for the entire manuscript. 2. IUCN status of the fish species can be mentioned for all. 3. Evolution of Romanian postal stamp history on natural resource conservation can be detailed in Introduction | |
| Optional/General comments | As this paper is an important documentation, a scientific writer can be consulted for reshaping the manuscript | |
